JBS USA ANNOUNCES US\$95 MILLION INVESTMENT IN BEEF PRODUCTION IN THE UNITED STATES

JBS S.A. (B3: JBSS3, OTCQX: JBSAY, "Company"; "JBS") informs its shareholders and the market in general, that, pursuant to Article 12 of CVM's Instruction 358 of January 3, 2002, as amended, that its wholly-owned subsidiary JBS USA announced a US\$95 million expansion project at its Grand Island, Nebraska, beef production facility. The project includes new, improved animal handling facilities, a state-of-the-art, temperature-controlled harvest floor and facility reconfiguration designed to improve team member experience, food safety and product quality.

The 107,000 square foot expansion and facility enhancements will better position the company to sustainably meet evolving customer and consumer expectations for high-quality, great-tasting U.S. beef products. This expansion project has already begun and is anticipated to be completed in early 2021. Operations at Grand Island will continue uninterrupted throughout project execution.

Located in the heart of American cattle country in central Nebraska, JBS Grand Island partners with more than 670 local producers to export U.S. beef to more than 30 different countries around the world, including Canada, Chile, Hong Kong, Japan, Korea, Mexico and Singapore, under signature brands such as 1855 Black Angus®, Swift® and Swift Black Angus®. The expansion project will allow the company to strategically capitalize on increased international demand forecasts for high-quality U.S. beef and value-added beef products.
