

NOTICE TO THE MARKET

JBS CONCLUDES DEBT PAYMENT RELATED TO THE NORMALIZATION AGREEMENT

JBS S.A. (the “Company” or “JBS” – B3: JBSS3; OTCQX: JBSAY) in accordance with the terms of CVM Instruction No. 358, dated January 3, 2002, as amended, communicates to its shareholders and the market in general that it has concluded the payment of the total amount related to the debt covered by Normalization Agreement entered with certain financial institutions, in the value of R\$1.5 billion (US\$358 million). Accordingly, the Company anticipated the maturity of this debt, which initially was in 2021, and released a total value of R\$7.8 billion in collateral that was linked to the full debt payment.

This payment follows the Company's liability management strategy, which reflects its current financial strength by reducing the amount of assets pledged as collateral, lowering interest rates and extending its debt maturity profile.

São Paulo, September 30, 2019.
